15 JAN 1968

MEMORANDUM FOR THE RECORD

1. At 2:30 on Friday, 12 January 1968, Mr. Blake and [] discussed various Office of Logistics problems with Mr. Bannerman and Mr. Coffey. The following is a summary of pertinent points and decisions made.

25X1

a. The Office of Logistics is to write a letter to Mr. Fugate, Virginia State Highway Commissioner, to advise him that Mr. and Mrs. Trowbridge are willing to discuss the possibility of an alternative access road to their property. At that point the next move will be up to Mr. Fugate.

b. The Office of Logistics will provide the name of the Bureau of Public Roads (BPR) contact, and Mr. Bannerman will call to make arrangements to visit the BPR with regard to a modification of some of their property in order to allow more rapid entry and exit from CIA property during the morning and evening rush hours. The 123 entrance is to proceed when [] is able to get Mr. Fugate to agree.

25X1

25X1

c. [] plans and preparations are going forward on schedule.

25X1

d. The Office of Logistics has sent a letter to GSA indicating that we continue to get adverse publicity over air pollution when it is really their problem. OGC will be asked to determine the extent of our obligation in this regard.

e. [] are to meet on 15 January to discuss the space to be required by the language lab. Requirements will be forwarded to GSA. GSA has agreed to search for other space so that the OTR language school can leave Arlington Towers. Incidentally, the Public Health Service space has all been committed by GSA.

f. Mr. Blake indicated that Office of Logistics personnel will demonstrate to Mr. Bannerman and Mr. Coffey the modification procedure
